EDUCATION

B. Tech in Computer Science and Engineering	2022 – 2026
Vellore Institute of Technology, Bhopal.	CGPA - 8.05
Class XII(MBiPC)	2019 – 2021
Carmel English Medium School,Khorda	Percentage - 80%
Class X(ICSE)	2018 – 2019
Mission School,Jatni	Percentage - 80%

SKILLS

Languages	Python, SQL,R.
Tools & Technologies	Tableau, Power BI, Advanced Excel, Git, AWS, GCP, Microsoft Azure, PostgreSQL, MongoDB, HTML/CSS/JavaScript
Analytical Skills	Data Visualization, Statistical Analysis (pandas/NumPy)

PROJECTS

Shiksharthee (Online Learning Platform)

- Developed responsive platform using HTML, CSS, JavaScript, and Node.js for session booking and secure authentication.
- Analyzed user engagement with Python (pandas, NumPy), optimizing features for better usability.
- Improved user retention by 20% through data-driven UI enhancements.
- Reduced onboarding time by 15%, increasing platform adoption.

Better Help Website

- Built a responsive full-stack application with JavaScript (React), Node.js, and MongoDB, ensuring seamless performance across devices.
- Analyzed user engagement data with Python (Pandas) to optimize content delivery and navigation, increasing user retention by 15%.
- Enhanced accessibility with React best practices, expanding reach by 30% to diverse users.

SecureStree

- Engineered a secure, scalable web app using Kotlin and Spring Boot, integrating real-time emergency features for quick access to safety resources.
- Analyzed user interaction data with Python (Pandas, Scikit-learn) to optimize intuitive, user-centered safety options, improving response time by 20%.
- Implemented secure APIs and encrypted data storage with PostgreSQL, ensuring user privacy and compliance with data protection standards.
- Deployed on Google Cloud Platform (GCP), achieving 99.8% uptime and supporting high user concurrency during peak usage.

CERTIFICATIONS

Data Science with Python (Click here)	Iamneo, 2025
